

Information Security Statement

Last Updated: 1st May 2018

Hundreds of clients trust Safety for Work Limited with their data, and we make it a priority to take our clients' security and privacy concerns seriously. We strive to ensure that user data is retained securely, and that we collect only as much personal data as is required to provide our services to clients in an efficient and effective manner.

Safety for Work Limited uses some of the most advanced technology for Internet security that is commercially available today. This Security Statement is aimed at being transparent about our security infrastructure and practices, to help reassure you that your data is appropriately protected.

Some of the data we hold on your behalf is stored and processed within the UK, Ireland and the US. In all cases the processors are GDPR compliant or are certified to the EU-U.S. and Swiss-U.S. Privacy Shield Framework.
